

FY2010 Interior Appropriations Requests

Cabot Wastewater Improvements

Recipient: Cabot Waterworks, PO Box 1287, Cabot, AR, 72023

Amount Requested: \$5,500,000

Project Description: Funds would support the installation of a gravity sewer, increasing capacity and allowing for continued development of residential and commercial property.

Chemical Toxicants Detection

Recipient: Arkansas State University, PO Box 10, State University, AR, 72467

Amount Requested: \$2,500,000

Language Requested: Funds will be used to enable research and development into novel approaches to reduce environmental toxicants, and to mitigate any potential negative impacts such toxicants might have.

Cross County Rural Water Line Extension

Recipient: Cross County Rural Water Association, P.O. Box 61, Hickory Ridge, Arkansas 72347

Amount Requested: \$250,000

Project Description: A new 8" water main to supply fire suppression services to existing businesses and home along state highway 284 would lower insurance rates and increase capacity for growth.

Highways 5 & 89 Water Mains

Recipient: Cabot Waterworks, PO Box 1287, Cabot, AR, 72023

Amount Requested: \$2,145,000

Project Description: Funds will support the installation of water mains running to neighborhoods in the city of Cabot, AR that are experiencing dramatic growth.

Osotouy Site Development

Recipient: Arkansas Post National Memorial, 1741 Old Post Road, Gillett, AR 72055

Amount Requested: \$1,300,000

Project Description: The Osotouy Unit of the Arkansas Post National Memorial is a newly acquired, newly identified, archeologically sensitive, site that lacks protection, maintenance, visitor access and informational facilities. Funds would be used in the construction of a new visitor contact station and maintenance facility at the unit.
